

INDO-UK ONCOLOGY SUMMIT

DEC 15th & 16th 2017

Chennai, India

@ Feathers Hotel

PRELIMINARY INVITE

About Indo-UK Oncology Summit 2017

The Indo British Health Initiative (IBHI) will organise the biggest ever Indo-UK Oncology Summit in Chennai on 15th & 16th December 2017.

The conference which is a combined initiative between the Indo British Health Initiative (IBHI) and the Christie Oncology Hospital Manchester is due to hold this international event on the 15th and 16th of December 2017. The focus of this conference is on recent advances in oncology with emphasis on the different subspecialties that encompass it. India is facing an increasing incidence of cancer and the partnership with the Christie Hospital will enable transfer of new techniques along with educational opportunities for aspiring oncologists.

The conference will have sessions that will highlight the advances in organ based treatment along with a live operating session. Experts from the length and breadth of the country along with international experts will be delivering lectures and conducting workshops.

Participants will have the opportunity to experience the entire spectrum of cancer care delivery. Postgraduates will have a student session that will give them an experience of how education in oncology is conducted in the United Kingdom. There will be an opportunity to showcase their individual talent during the **Young Innovator Session** with a cash prize for the winner along with a team contest in the form of an **Oncology Quiz**.

Background

The Indo British Health Initiative aims to promote scientific collaboration between healthcare personnel in the United Kingdom and India. It also seeks to facilitate more UK higher education partnerships and business opportunities for UK commercial firms in the healthcare sector in India. The IBHI foundation was mainly formed to facilitate and channelise these initiatives.

IBHI was established in December, 2011 by

Dr. Prithvi Mohandas, *Founder and Secretary – IBHI*

Recent events

- **2014: Indo-UK HIPEC Meet** (*November 21st & 22nd, 2014, Chennai*). This event witnessed around 400 doctors, delegates, nurses and postgraduates from across the nation, who actively participated in the conference on cutting-edge treatment, HIPEC (Hyperthermic Intraoperative Peritoneal Chemotherapy) for advanced & complex abdominal cancers.
- **2013: Indo-UK Oncology Summit** (*September 6th & 7th, 2013, Chennai*). This summit focused specifically on oncology (with an emphasis on some specific organs). This event also provided a platform to enable strong and sustainable UK-India partnerships, with the IBHI and the UK Government playing a leading facilitation role.
- **2013: Indo-UK Diabetes Summit** (*January 18th & 19th, 2013, Chennai*). The event attracted leading experts from across all verticals of the diabetes domain and served as a platform for the participants to discuss long-term solutions for diabetes based issues and concerns. This event was attended by leading faculty from both India and UK, two large UK trade delegations, comprising healthcare universities and private sector companies and about 600 delegates from across India.
- **2012: GIBHICON** (*April 21st & 22nd, 2012, Chennai*). GIBHICON showcased the best of talent in the UK and India in the fields of Gastroenterology, GI surgery, GI endoscopy, Hepatology, Liver Transplantation and Bariatric surgery. Luminaries in these fields from both countries were present for this two day conference.
- **2012: Orthopaedics** (*January 14th & 15th, 2012, Chennai*). Seminar Focussing on Upper and Lower Limb Joint Replacements

Collaboration between IBHI & Royal College of Surgeons, Edinburgh

The IBHI in collaboration with the Royal College of Surgeons of Edinburgh has been instrumental in establishing a preparatory course for the **FRCS International Examination in General Surgery** at MIOT Hospitals, Chennai. The course which is conducted by teaching faculty from the United Kingdom and India is held over three days and helps candidates to prepare for the viva and clinical part of the FRCS International examination. The course has been conducted for the past two years and candidates from countries in the Middle East and across Asia have participated in the course and several candidates have successfully passed the FRCS International examination.

The course is scheduled to be held again in April 2018 at MIOT and the website for the course can be found at <https://www.rcsed.ac.uk/events-courses/event-entry?diaryId=2065>

Registrations are presently open for the course and further information can be obtained from the local convenor Dr. Karthik Maruthachalam (bariatric@miothospitals.com)

Event Highlights

The Indo-UK Oncology Summit will be held on 15th & 16th Dec, 2017 at the Feathers Hotel in Chennai. As a prelude to this mega event and to encourage participation of young professionals with their fresh thoughts and innovative ideas to initiate constructive interaction, IBHI has planned for
